

▶ We are proud to announce our collaboration with Chef Mark Olive (aka 'The Black Olive') and his team with the release of 2 new flavours using Australian Indigenous ingredients. Look out for an old favourite, Lemon Delicious ice cream with Desert Limes plus a sorbet featuring a Late Pick Chardonnay with Davidson Plum.

We have also collaborated with some of Australia's leading wineries to bring you an uncompromised and uniquely sophisticated way to experience wine and beer.

This new collection will showcase the variety, character, region and quality of Australian wines. Crafted with an unrivalled sense of detail and technique to achieve a product that is consistent, stable and of the highest quality. Our wine sorbets are incredibly honest and accurate, preserving much of the wines unique and individual characteristics, whilst demonstrating the possibilities for menu design and food matching ideas.
